

Affordable health coverage. Quality care.

NJ Family Care is both a federal and state funded health insurance program created to help qualify New Jersey residents of any age, by providing them with access to affordable health insurance. This service is for those who do not have employer insurance.

Who is Eligible??

Children 18 and under	are eligible with higher incomes up to 355% Federal Poverty Level (\$7,278/month for a family of four). Parents still need to renew the coverage each year. Children age 18 and under who are lawfully admitted can be eligible even if they have lived in this country fewer than five years.
Parents/caretaker Relatives	with income up to 138% Federal Poverty Level (\$2,829/month for a family of four) must have tax dependent children in their household in order to be eligible under this category. The dependent children in the household must be insured also. Immigrant adults must have Legal Permanent Resident status in the US for at least five years in order to be eligible for NJ FamilyCare.
Adults without dependent children	with ages 19-64 and income up to 138% Federal Poverty Level (\$1,387/month for a single person and \$1,868/month for a couple). Immigrant adults must have Legal Permanent Resident status in the US for at least five years in order to be eligible for NJ FamilyCare.
Pregnant women up to 205% Federal Poverty Level	(\$4,203/month for a family of four). Pregnant women who are lawfully admitted can be eligible even if they have lived in this country fewer than five years.
